

BASIC ON-LEASH DOG OBEDIENCE CLASSES

Instructor - Carol Bocchicchio

Held Monday Nights At:

Doggie Paradise, 145 Paterson Avenue, Wallington, NJ 07057

Dear Dog Owner:

Hello! My name is Carol Bocchicchio and I have been professionally training dogs of all shapes, sizes, ages and temperaments for nearly 20 years.

Basic On-Leash Obedience and reconditioning your dogs' negative habits are the central structure of my classes. Basic commands, such as heel, sit, stay and down are covered. Problem behaviors such as excessive barking, jumping, chewing, and not coming back when called, along with many others are addressed. **(Please note that housebreaking issues are not addressed in class. For further information on housebreaking seminars, please call/email.)**

Your dog must be at least four months of age to begin the training classes. But remember, even 10 year olds can learn! The family member who is with the dog the most or the person having the most difficulty with the dog should take the dog through class. Other adult family members that are **16 YEARS OF AGE OR OLDER** (proof is required) are welcome to observe and must also learn the same training techniques. (No one under age 16 is permitted attend classes...NO EXCEPTIONS!)

My instructions will be aimed at YOU. You are the person your dog spends the most time with and you will be learning how to teach your dog to be on his/her best behavior. This involves spending 10 to 15 minutes (2 to 3 times a day) guiding your dog through each level of training as it progresses each week. REMEMBER...patience and a positive attitude is very important. Dogs learn through repetition and positive re-enforcement. You will find the time and patience you invest in your dog's training will be more than worth the effort. The skills you learn during this training program should be used throughout your dog's life. Conditioned behavior can be forgotten. So use and practice are the two key elements in keeping your dog on his/her best behavior.
